NOTES

The Southern and Western Area Plan

General Note

With in all land use categories, zoning requests should be analyzed to determine the impacts of individual uses on existing and anticipated area development. If compatibility problems are anticipated, they should be addressed during the zoning process or by requesting a less intense classification.

The Matoaca Village Plan

Note 1:

Scenic Corridors & Residential 1 unit/acre or less

Residential development in areas suggested on the plan for residential use of 1 unit per acre or less should conform to conservation subdivision development standards.

The notes geographies are generalized.

Chesterfield County Planning Department.

The Code of Virginia states "the comprehensive plan shall be general in nature, in that it shall designate the general or approximate location, character, and extent of each feature shown on the plan." Recommended land use boundaries shown here should therefore be considered generalized. Zoning change recommendations based on this plan may take into consideration other factors not addressed in this plan. These boundaries and the future development potential of any property based on the recommendations of this plan should be confirmed with the Chesterfield County Planning Department. The maps contained in the comprehensive plan are dynamic and in a continuing state of review and upgrade.
